That mod DEETEE said something about my grandma, you know the usual "I'm too stupid to come with anything remotely funny so I'll use the classic ur mom jokes" or in this case my grandma, so I said "wow that was really funny" at which point I got kicked. Good moderation you got there.

Goztow doesn't seem to be able to get it into his thick skull that after I was kicked the second time I said to the mod "fine, I'll stop", and didn't swear after. He also can't seem to come up with something original himself, all his insults are either petty schoolboy attempts or quotes of somebody else.

Well done for completely missing my point..... yet again! Your message board incompetence is an inspiration to botched lobotomy patients everywhere.

Since you don't seem to be able to differentiate between the two I guess I'll have to explain this for you.

I know why I was banned, and that was because you didn't like the way I posted on your forums. Go you, I couldn't give less of a shit about that. My point was, dullard, I was kicked for sarcasm.

I lose count of how many times I've told you to read my posts yet time and again you neglect to do it. Why must you be such an ignorant little shit? I've met decomposing dog carcasses that are less offensive to the senses than you are.

Calling you dull is a gross underestimation of just how tedious you are. You have the personality of a damp sponge and the appeal of a moldy, sweaty sock.

In future, if you have something to say, just shut up.
