And yes, you got a very strong point there! But at the other side... I'm Dutch, and I bet my English is better than your Dutch, but that's a minor point.

Since when? Since now.

I don't care what my Dutch is like, the main language for these forums is English, and as long as it is, I'll damn well speak it. I've told Goztow this before and I've told you it on your crappy, badly designed website before. Yet another instance where you seem to completely neglect to read what I've written. Telling you this over and over again really is getting tiring.

So I don't speak Dutch, whoopdey freaking doo, I've never had lessons for it and I never will, it's a useless language to me.

Anywayz, enough bolloXXX again.

If you don't know what age has to do with the current situation why mention it? Please try to some idea of what the hell you are on about next time before you post your next stream of utter drivel.

What did he do? Kill you?
