Star Wars: Empire at War was released today. If you didn't know, the game was developed by Petroglyph, a company made up majorly of ex-Westwood employees, the ones who developed C&C Gold and Red Alert, etc.

IGN has their review of the game: <http://pc.ign.com/articles/688/688963p1.html>

It looks pretty good. I think I will buy it.
