Subject: I need help. [fixed]
Posted by Geostigma on Sun, 19 Mar 2006 20:08:06 GMT

I was told to redownload the game.exe but i wan't to make sure what to do is right
Smart ass posts will be ignored.

EDIT
okay i fixed the problem by reading some of the other forum posts and talking to people in the IRC
I just had to redownload the game2.exe because apperntly it gets changed and renegaurd calls it
the GAME.exe
