KimoSabe7 wrote on Sat, 25 March 2006 17:32ive played since before BETA i dont need them so shush it's not an advantage its jsut to make the game look better and funner kinda boring after 6 years sorrie

If you really did take part in the beta, you would know that the game has only been out for 4 years. And green neon heads do not make your game look better, because those skins don't even look anything near decent.
