Crime8768 First of all, i could care less about what you tell me to do, and i don't have anything against you personaly, plus, i've only been playing, like i said, 2 months, you've been playing probably.... 1 year or more? I expected you and WOULD expect you to win. Anyway, point is, im never gona stop coming back and annoying you guys because jg,mario, and a few others, were so annoying and bad treating to me, that now im gona spend the time i'm bored, torturing you all by coming on new accounts and over mining, stealing vehicles, till you all can't stand it anymore, and people will either make a new server with a password, or they will leave HR, once that happens, i will be happy.

PS: Even if you do put in a pass word, noone who wants to join will be able to get in, so either way i win. Good luck.

This is the guy you'll be recruiting.

By the way, let's play hide and seek
