Dover wrote on Thu, 13 April 2006 23:04Edit: Completely off-topic, but it would be so amazingly cool if Blizzard made a StarCraft FPS. I heard StarCraft Ghost is in the making, but it looks like it's going to be released for the console only, and even then it looks like a cheap Splinter Cell ripoff... Yes, it's a console only game.

I'm going to say three words, and then end this post: World. Of. Starcraft.
