Sort your monitor out then, I can read it just fine. If your sight is that bad try holding ctrl and scrolling the mouse wheel forwards.

No, no. It's my eyes. They're geared more towards darker colors. Don't ask why, I still dunno. Bright colors on a dark background strain my eyes. Maybe I should venture into that mythical land I've heard of called, "Outside."

Is that the place with the lightbulb in the sky?
