Fragger wrote on Sun, 16 April 2006 11:02I really didn't mean to cheat that bad I was just mad and since I was mad I didn't have a clear mind not thinking at the moment. I got too carried away and didn't think and ended up this way. I saw what I did was wrong and can we work things out in time at least?

Do you think that if you kill someone in real life because you are mad, that you wouldn't have go to jail? I think not. Not thinking is no excuse at all. Maybe now at least you have learned that you MUST ALWAYS think before you do shit or face the consequences.
