Subject: Error: couldnt initialize service
Posted by tavad0n on Sat, 29 Apr 2006 00:35:11 GMT

Everytime i download renguard i cant load the game anymore. Everytime this has happened (3 times now) i just uninstalled reguard to continue gaming. But im seriously tired of playing w/o it having to hear "tavad0n doesnt have Renguard he may be cheating!" which i dont and looking like a newb. If anyone can plz tell me how to fix this id much appreciate it.
