Like i said before Hezbollah aren't terrorist and the only reason they attack Isreal is because THEY ARE STILL OCCUPYING OUR "Shebaa Farms border area" .

I am sure that Israel is not an aggressive nation, the Jewish religion is against violence and so forth, I would know I am Jewish, I am sure that Israel is interested in the area because of the FARMS, and the fact that everybody around her wants her dead So occupying land decreases the range of an RPG making the firer fire it from a farther distance. (Israel, do the call it a He or a She) Israel IS having trouble with money as it is, so looking through their eyes, going to a neighbors farm and staying there for a while just might get you some fruit for export. I think that if the farms are the issue more than the land an agreement HAS TO BE REACHED by both sides. I wonder what America would say about this.
