Merovingian wrote on Mon, 01 May 2006 10:52well, i want it like so other players can join w/o having the map (like a00000MP4) i know it is possible... i just dont know how

Dude I own MP-Gaming.NET, a00000MP4 is one of my servers...

You open the original .mix file, then delete the .lsd and .idd files. Then add the new .lsd and .idd files that you made using level edit.

But yeah titan is right, you can't just go adding anything you want...
