Ok, since you want to go down the path of not posting petitions, why do you have a Renegade 2 petition link in your signature? EA will pick when, where, who, and if it wants to do Renegade 2.

I assume you posted that link, because even though you KNOW you cannot affect the outcome of Ren 2, you still want to make your opinion heard. Same goes for this post. i respect Dante, his work, and his level headedness. I also think that because of all those factors, he should have a hand in making this community a success.

grrrr...ok fine..i cant think of anything to say :crazy:
