Hi, I'm a Renegade player from way back, gotten back into it due to getting a copy of TFD... I have a question, I like to play skirmish just for fun sometimes, and I was wondering if it was at all possible to make a mod for skirmish mode, say to put in crates and weapon drops from kills like SSAOW, but in skirmish mode...

I've modded other games in the past (Just for my personal use, nothing huge) so I'm just wondering if it's possible at all, and if so I'll go figure the rest out... I just wouldn't want to go learning all about the specifics of modding a game only to find out I can't do what I want with it anyway
