ok i feel stupid now, i went to school and when i came back i tried to open renegade again to take a screenshot and the links worked wich they didnt before so i dunno what happened and also, is that a mod making that gun look like a M16 in ur avatar? if so and if you dont mind could you tell me which one it is and how i make a mod work cuz im new to renegade (as if u hadnt guessed)

TYVM and sorry if i wasted ur time with stupid questions
