I know, but isn't Mobius BETTER against infantry? Isn't Mobius better at everything?

If I were teaching a class in Anti-Nod infantry, Mobius would get an A, and Patch would get a C-. In the greater scheme of things, although he's made to be anti-infantry and doesn't do much else, he's not that great as his job. In any case if I was short on cash I'd get Gunner over Patch, since he's cheaper and is 10x better IMO.
