Asuming this was true... and their are probably a lot of casses where it is...

If this guy wins the bet and does have sex, he'll think he is in love with that girl and then she will not want a relationship with him... Basically he will hate sex and not want to do it again because it has confused him.... Sex is lust not love and vicea versa...

He should just go to a brothel in Nevada and get it over with, simply because physically its getting to be a problem.

What we have here is a guy that is in the wrong time... 40-50 years ago he would have done just fine, but in these days of MTV BULLSHIT and gender equality, women have found they want to "fuck around" as well...Damn women...don't trust them they will fool around even after marriage Sure you might meet a truely honest girl but the chances are slim and getting worse every year, espically in developed countries...

Basically the tables are equal and no one trusts anyone anymore therefore: ONLY DATE FOREIGN WOMEN, OR atleast never get married..
