superj69 wrote on Mon, 27 March 2006 22:24stealth is great strategy u can move around without people seeing you and if you do end up killing someone with a good weapon, it makes your stealth even better.

Are you kidding me, the Stealth Soldier's Rifle SUCKS compared to other weapons! And you can't pick up weapons with a Stealth Soldier. Unless your a spy, then you just might.

By the way I think that games shouldn't have vehicle limits.
