---

ive been noticing lately that alot of people on renegade have been using the word nigger alot. for example camaroak4 host a game with the title saying i hate niggers and today i went on teamspeak and went 2 tekks teamspeak server and they had rooms called "Tony sucks big nigger dick" and "if u got a nigger i got a rope" this shit is pathetic i would enjoy beating the crap out of whoever has said this. also that is the main cutdown they use in the renegade chats.
