listen u stupid smart ass, im doing about 14 diffrent peoples jobs on this fucking mod and im fucking tired of little dip shits like u man, all everyone does is fucking complain and im just getting sick of it, i get so much shit from yall and here i am getting mind boggleing head achs everyday just to make something that usually takes months to do in hours, so fucking quit saying shit that aint true talking about me not even putting damn effort in to the fucking mod, i put so much effort into it man, i dont even goto work i dont goto school i dont spend time with my family, i dont go anywhere, i hardly goto sleep, i dont ever do shit but work on the mod do u fucking understand or are u some piece of shit that dont no how to understand english and is like some pussy whiped bitch that cant get any.

and go ahead and ban me Moderators, im tired of this shit, goooooood, all everyone does is complain, yall dont even once think about helping.
