DarkDemin wrote on Thu, 15 June 2006 00:14Intel has a tendency to exaggerate.

Until I see the benchmarks on TomsHardware.com I won't believe it.

They have had benchmarks posted for some time, of a 2.6Ghz Conroe totally owning AMD's best CPU (The FX-62), even though the conroe was clocked 5% slower. The 3+GHz Conroes will be ultimate ownage, and I can guarantee you will regret not waiting for one.
