Whats worse is when you do play their are so many noobs you dare not get out of your vechicle to repair, because it will be stolen by someone on your own team. Also its so hard to get someone to work with you to rush. Everyone wants to be an sbh these days.

I play in renwarz right now. N00bless every now and then, but i prefer newmaps.

The only server I really care about playing at, anymore, is n00bstories. The rest are just bleh.
