Oh come on people! How can you not realise from looking at this thread that these forums are out of control!
Every second post is a typical Renegade Forums insult like "go fuck yourself".

That whole xptek vs z310 thing... On every other forum I know, crap like that is deleted.

Nobody wants to read other peoples stupid fights like:
"Cheer up emo kid."
"Ahem? I'm not fucking emo you dickhead. Go fuck yourself."
And especially when they start fighting in size-28 bold...

You have to skim over at least 10 posts of trash before you find something meaningful... And it's the same in every thread on this forum!

You moderators need to crack down on stuff like this. If someone calls you a "forum nazi", ban them - they're the type of people no-one wants here.

This forum really needs some more moderation.
