Jeep Rubi wrote on Wed, 28 June 2006 15:16: What do you mean by "old" objects.ddb. Anyway, if you want to mod your server, just add the objects .ddb and rename it to objects.aow. From what I know, you'll need to run SSAOW to do this.

Um, it's a mod that alters gameplay. It makes everything crazy. So would I have to change any settings in ssaow.ini (ie: game mode) or anything else? Or would just renaming it work?

Thanks.
