Italy lucky? how do u think.They actually scored a real goal unlike France. A penalty kick is all that France could score with, maybe u werent watching but the goal Italy got was beautiful.And they almost did it agian later in the game but France was lucky that their defender got his foot in the way.

Wow a Canadian that thinks he knows anything about soccer.

"Scored a real goal" > how dumb are you? If you don't want the opponent to get a penalty, you shouldn't foul him in the penalty zone. There are no "real" goals, but I don't expect someone who's watching soccer for the first time to understand that...however, stfu.

Zidane's chance in overtime was far greater than Italy's 2nd chance in the 1st half...apart from that I don't think Italy had a single chance from minute 45 to 120. Arguing that Italy somehow had the upper hand is borderline retarded.

Just because Canada didn't qualify doesn't mean that all canadians no jack shit about soccer and the italian goal was alot better then the one that france got, but u are right they shouldnt have fouled the guy in the penalty zone that was their stupidity.But the Italian goal was beautiful and its hard to not score on a penalty.
