Ok, here's a summery:

You will be on GDI. It's an SP map (you can do it in MP but it may lag like heck for others...), where you are on an airbase with a neat little platform. You can drive it around. It has a bunch of turrets on it. My Q is:

What race(s)/side(s)/faction(s) do you want to blow up with it in this map?

And

What/where should the enemy be (ie, another base in the sky with AA turrets, or maybe in a small forest, or a sandy desert, etc)?
