I have been gone for 60 days. I have been in detention. A place called "Weber Vally Detention."
It's kind of like prison. I was there because I missed school. It has killed me mentally. I can't even
type good anymore.

If I sound a little like a n00b, it will go away soon. Because everyone at detention is a n00b. I need
to get used to computer life again. I don't know about any of the recent news, or anything that has
happened.

Right now I'm in a place called "Archway" Detention. I there only because my house isn't clean
enough for me to live, so the DCFS put me there temporarily until my house is cleaned up.
Everyday, from 4:30 to 8:30, I get 4 hours to help clean up my house. All that needs to be done is
my room needs to be clean. By "clean", I mean all of the junk stored away and put in the shed or
somewhere. It's almost done. It will be done by tonight and tomorrow around 2:00, I'll be able to
go home for good.
