junkie26 wrote on Sun, 10 August 2003 12:30I tried to do that, but it doesn't work. When I insert CD1 and try to install the game, it asks for the Game CD-ROM. When I insert CD2, it still asks for that Game CD-ROM. What's wrong?

I tried doing that but, when I put in the serial and hit the install button, it said runtime error. Any suggestions?
