Subject: Re: ssaow bug/problem --> server crash
Posted by sycar on Sun, 23 Jul 2006 23:40:07 GMT

i duno if your find this crashdump much use but what i've done is taken the code from ssaow and upgraded it to the 2.8 release of scripts.dll in an attempt to get it to work. everythin else still works fine and it only still restarts on the failed disarm so technically the crashdump should still report the same error. if its no use let me know.
