Go and ask 10 people on the street what % of the nation holds 80% of the countries wealth - I bet 9 of them won't care or have a clue.

Warranto, "your" was directed towards US residents - but as ACK pointed out I am not a US resident but that doesn't stop me being interested/concerned with what happens there - a lot of things the US does (like refusing to sign the Kyoto (spelling?) treaty and pumping out more pollution than anywhere else on the planet whilst a huge hole sits in the Ozone layer)
