Server owners believe it's right to keep swearing to the minimum

Can those stupid morons who run the servers use some common sense and let people flame eachother?

key word OWNERS, they own the servers, they pay for them, they provide them to fucktards like you free of charge, they make the rules that THEY want - If you want to make the rules go host a server.

Stupid Morons?? Comon Sense?? there is no common sense to people flaming each other and insulting the people who provide you with a FREE gaming experience is not clever - you sir are a fucking idiot.
