So where am I off to? And why am I posting now?

Contrary to my location I am not in Hong Kong. I am in Australia.

I'm very bored at the moment.

There is no point in me telling you any of this.

But I'm very bored.

I finished writing my first book a few months ago. I don't know if it should ever get published. But then again it's only a first...

I'm THAT bored.
