10:46I'm a little confused here. Who are the left wing leaders?

Most of our world leaders.

More specifically? I don't know about you but I don't get the impression that the right wing is under represented on the world stage (cough--Bush).

Well Bush is right wing to a point, but he is held back by his government.

Am I the only one who thinks if they could ever be in power, would destroy his enemys RA2 style`? :/ and not this pussy fucking about that we call war now...

Hopefully you are because this is real life, not RA2, and nothing is quite that simple.
