You guys are crazy. Ninjas beat pirates if the pirate is off-guard. Pirates beat ninjas in the open sea. Vikings beat both pirates and ninjas combined, always, since they rule much harder on the ocean than a pirate, and raping and pillaging beats hiding in the shadows.

Not to mention the Vikings have the superior horned-helm of protection. You could drop a bunker-buster on that thing and it still wouldn't kill it's wearer.

Long story short, Vikings own.
