The only reason I still post or occasionally participate in clan wars in clanwars.cc's renegade league is the forum, the shit talking, all that.

This game would totally suck without it. If we were all friends, if we all didn't talk shit to eachother, if we all didn't argue and said "ns" instead of "bs" everytime someone killed us, then this game would be boring as hell and it would've died AGES ago.

drama keeps games alive. we need you n00bs to come on clanwars, so we can rape u, and make fun of u, till u one day get all pro and rape us back the way H2O does now
