Blazer wrote on Wed, 16 August 2006 22:56You can only kill PTs in servers not running the SSCP. BHS released a fixed long, long ago that prevented the PTs from being killed, even with blammokiller munitions.

Cool. Good to know, and thanks for the fix. I've only seen PTs vanish in privately hosted servers. I assume this was from blammo weapons, because there was a hacker with instakill weapons running around...
