Nukelt15 wrote on Thu, 17 August 2006 14:13Quote:That's working under the assumption that Vikings didn't use Cannons on their ships, which is wrong. Vikings are most famous during the pre-cannon middle-ages, but they've thrived even after the invention of the cannon.

Everybody knows that Vikings vs. Pirates vs. Ninjas applies only to the classic stereotypes.

Pirates vs Ninjas, maybe, but Vikings are different, since they have multiple stereotypes. Do you go with Norse worriers or Guitar-playing Metal gods?

Further proof:

1v1, Pirate vs Viking in unarmed combat. Vikings would win, because they're bigger and manlier.
