sorry, ack. while i agree with much of your opinions on alot of things, i don't agree with your views on racism and i do consider them idiotic.

i'm sure you won't lose any sleep because of my remarks, just as i won't lose any sleep due to seeing your remarks regarding racism.

but, if you are so hurt by my remarks, i will agree to apologize for them if you will agree that it's nOd not Nod.
