I feel like being in a good mood today, so I think I'll go do something else.

Sometimes, I'll get really pissed off and depressed, and take I take it out on video game people.

We should all be friends. Except for you, Jeep.

You really should use your time more wisely. Take it out on random idiots by correcting their grammar and spelling. Either that or debate with them. It's a lot more entertaining than cheating in-game.
