npsmith82dead4ayear2MeXadiazNice, when I looked at your sig, ! How did you make the orca mountain or have the balance to stack those transports...

Probably a gmax + editor trick. He probably made some kind of invisible box for each orca
Nope, each of them were manually flown and landed - one by one...

Eventually it began to mount up, which took around 2 hours to do, you'll see some better pictures here: <http://www.spliff.wideboys.co.uk/renegade>

How the hell did you manage to build that many?
mods?
