I don't and nobody else here wants to support your ad-infested website.

Actually chief, I wasn't publicising my "ad-infested website". I was simply pointing out you're hardly in a position to call [PA] a "gay clan" when they're better than you.

Actually chief, we went over this twice and none of you (that's right, NOBODY HERE.... lol) could refute my statements (you especially. I think the closest thing you got to a valid argument was "we're used to the auto ladder even though it doesn't work". Nice of you to get the situation completely upside-down.

The bit in italics confuses me...
