BUT that ladder is the official ladder for renegade and is still being hosted by westwood. Its like only thing I am aware of, that still runs on its servers (appart from the ftp), and that is one of the reasons so amny of use would like to keep it here
When you click the "Clan Rankings", I honestly can't decide what's funnier:

1. The fact the ladder currently stands at
1 Supreme Commander R*SG 1 wins / 0 losses 10,000
2 Boy Scout *B.T* 0 wins / 0 losses 10,000
3 Boy Scout -TESF- 0 wins / 1 losses 9,999

2. The fact it was exactly the same when I had a look at it three months ago,

or

3. This bit

When WOL changed to XWIS, the Clanwars.cc ladder was already setup for that eventuality and the league wasn't affected for a single day. That's right: not one day... in fact, not even an hour.

BHS's ladder has been dead for ten months and counting... and none of them gave the clan ladder a passing thought until, wait for it, Clanwars.cc earned a mention in Renegade's MOTD (which, I might add, Crimson tried extremely hard to stop... but failed)

So yeah. You put your faith in BHS, and I'll stick with a team who actually cares about Renegade's clan support for reasons other than jealousy.
