Alright so im playing the other day and this guy on NOD was all the way on top of the mountains(near the GDI boxes that are located near their barracks) I asked him how he did it but he only replied by saying you need someone else and to do it from the NOD sniping spot. So today me and my buddy got to a bunch of different cool locations that are good for sniping.....but we just couldn't get all the way up there! Anyone have a clue on how to?!Thanks Bye.
