I remember a time when one clan stood out as the most infamous, obnoxious, yet kinda awesome clan in all of Renegade. Where they commemorated their bannings in a hallowed spot of the Internet called BanHammer Hall. A clan in which one member became the most reported n00b in n00bstories history.

The clan I speak of is the horrible, terrible, eat-your-heart-and shit-out-your-soul Clan FUD.

May they rest in peace, or burn in Hell.
