As for fl00d3d saying they should ban me. The current topic we are talking about has NOTHING to do with you. So butt off.

You created this thread ABOUT ME. So it has EVERYTHING to do with me. Don't tell me to butt off.

Remove the ToS that you have on <http://www.neronhost.com/tos.html> immediately or face legal action. You want to play with the big boys, we will play.

That Terms of Service is a clone of MY terms of service that I use for CWN -- which is a modified ToS from Reyox Communications, LLC of which I have legal authority and approval to use. You do not.

If you want to copy people's names, copy people's business names, be a cheater in your own servers, and try to screw people over -- go be a shit bag and do that. But now that I've seen you BREAKING THE LAW I am going to let the CEO of Reyox know that you are ripping his TOS and I guarantee your father will be hearing about it.

Remove it. Last warning, kid.
