You fudgin retard, u give so much shit to this comunity ur owrds mean nothing at all.

PsycoArmy

Correction; you give shit to this community... If you would work to make your models half-way decent, then come back and claim to be high and mighty, you'd be better off.

Then again, you don't do that... I don't care if you try or not. Try on your own. Produce results, or don't fucking post anything. I'm sick of garbage modifications being posted by little kids with no initiative.

You already had like five modifications going before this. You never finished a \*single one of them.\*

Finish what you start or get the fuck out.
