Your right i am a little kid. But not a a little kid that wants to outdo any1. am here to have fun, play some games, make models form my own designs by trying to keep the models poly within the limit.

I am not a adult (in my country over 18 is adult) acting like a child, i am a child, you can not change the way i act or model with your words. And i have gone thurgh my life with people like you who like nothing but theirselves. I m sick and tired of your peoples attitude.

So Please stay out of my way because this is the last time i am going to even read ur post.
