I've got a few things to say....

1. Most of those models looks great. The skinning on the last few could use some work, and some need a little tweaking. But, overall, nice job.....I really like the creativity.
 2. It's a fucking video game, Ack. Get a life. You expect everyone to dedicate their lives to nothing more then a game. It's just for fun....lighten up.
 3. Ack, I've noticed that you are very negative lately, more than usual. Just lay off a little bit.
