Matix wrote on Sat, 30 September 2006 15:28MP-Gaming came out with a server.dat patch years ago for the gameplay pending patch. But the site died so no more downloads But what you can do is in ssaow.ini, it has an option where to set all the players to a specific team. I don't know if it works or not, cause I never tried it, so go for it!

www.Game-Maps.NET is back, you should be able to download the things you want from there now.
