With Kholdstare it does... considering what a nervous breakdown it drives him toward, which is a result of sorts.

I'd like proof of that...

refrain from assuming that.

...there's no "assuming" about it. When kholdstare would start an argument with some random guy in the N00bstories servers for no reason whatsoever, and completely go berserk if they said ANYTHING in reply and ddos the poor kid, there's really no "assume" about it.

That reflects on his personal life... how?

Though not because of anything \*I\* did... there's just a disproportionately large percentage of arrogant, brain-dead gimps in this community.

True, but assuming things and insulting him only makes them think they're right.
